**2. Chairman's Report**

The Chairman presented his report.

He noted that he and the Chief Executive have been invited to give evidence before the Select Committee on Welsh Affairs in December.

He had attended a conference in Scotland and had given a presentation on the work of S4C as a minority language broadcaster.

He had recorded an interview for Y Byd ar Bedwar which was to be broadcast that night.

He also referred to an article in the Western Mail by CE, Head of Research at S4C, which presented the true facts about S4C viewing figures. He thanked her for writing the article.

**3. Chief Executive's Report**

The Chief Executive presented his report.

He noted that he had attended a forum organised by the Assembly Government to discuss S4C. There had been a debate in the Assembly yesterday. The Welsh Language Society has organised a rally in Cardiff on 6 November to protest against budget cuts to S4C.

The discussions with the BBC regarding the renewal of the strategic partnership for the statutory 10 hours are continuing. Discussions regarding the future funding of S4C from the licence fee will take place independently of these discussions regarding the 10 hours.

A paper was presented outlining possible models for the discussions with the DCMS and the BBC regarding S4C's funding from the licence fee from 2013 onwards. Officials had prepared models that would safeguard the independence of S4C, but that would also provide accountability for the spending of part of the licence fee to the BBC Trust. There was discussion about the models and the next steps. Officials will undertake further work on the models and will continue to discuss with the DCMS.
