Anest's return puts Tammy's plans for the Iard in jeopardy and she finds herself having to lean on Iestyn in order to secure her position within the business.

Wil and Erin find themselves dealing with complicated emotions as they prepare to leave, and Siân has news to share with them that will fuel everyone's longing for John.

Following his decision to stay at home, Jason decides to concentrate on expanding his business and is shocked when he hears that someone (or something) has gone on their travels!

With only a few weeks until their exams the sixth form crew are determined to have a good night out in Copa. Efan has no intentions of going but Mali tries to persuade him to change his mind.

Caitlin thinks that she is facing a night in with Siân but things change when Cai decides to ask her what her plans are. Anest and Tammy haven't been seeing eye to eye but perhaps a night out in Copa will do the world of good.
