## Local Coronavirus restrictions (21.09.20)

Today the Welsh Government has announced new Coronavirus restrictions for Blaenau Gwent, Bridgend, Merthyr Tydfil and Newport, which will come into force at 6pm on Tuesday 22 September:

We are aware that the local lockdowns have brought up more questions and challenges for production and people are allowed to travel for work purposes, we suggest companies consider supplying letters to workers as evidence of this.

We continue to stress that health & safety systems used by yourselves are Covid-secure and that you continue to be aware of local concerns and perceptions. – The **good practice** document published by S4C is still valid for the current restrictions.
